

Missionaries to Honduras

Mike and Ashley Troxell

June 2014

Vol. 5, Num. 6

We have now been in Honduras for about 6 weeks since returning from our 6-month furlough. We have moved into a great little home in the same, safe neighborhood we lived in before, enjoyed reconnecting with our team, reunited with Dixi as a family, and pursued the relationships we so cherish in La Fe.

Mike is especially excited to disciple and mentor the current Honduran pastors with whom our team is working! He is eager to see how God uses them in the coming months and years to grow His Kingdom.

Over the past several months, Mike has attended multiple leadership conferences and retreats - the most recent in Nicaragua with other MTW leaders. Mike has been asked to be a part of the newly created Central America Regional Council with MTW.

Life in La Fe

We just held our first clinic in La Fe since the Fall of 2013! We were able to meet the physical needs of many people in La Fe with the help of an eye doctor, physical therapist, cardiologist, and several general practitioners. We are so thankful to be able to minister alongside these teams and praise the Lord for the additional arms to hold those whom we love in La Fe.
