## MISSIONARIES TO HONDURAS

### LA FE, HONDURAS

After much prayer and searching, the Lord has lead us to start a ministry in the river-side community of La Fe. This community is composed of approximately 100 families and currently has NO schools, NO clinics, and NO churches. We are excited to begin serving in La Fe.

### MEDICAL CLINIC

We have held one official event so far in La Fe - A medical clinic! With the help of our teammate, Erin, and a doctor serving with us from the States, we were able to touch the lives of about 65 people. We gave out vitamins, parasite medication, toothbrushes, and provided medical services as needed. The people of La Fe were so grateful and continue to seek to know us better.

### PRAYER SUPPORT

- Pray for La Fe and the beginnings of God's work through us there!
- Wisdom about the purchase of a car. Is it needed? If so, how will God provide the money for it?
- Praise that God has lead us to La Fe!
- Praise for the continued settling into La Ceiba for us.

### WHAT'S NEXT?

We go to La Fe regularly to spend time with the people and deepen relationships as well as become familiar faces within the community. In addition, we will be holding medical clinics biweekly to provide the people with regular care. Several people have shown interest in learning English so we hope to begin a free, weekly English class. Finally, we will be having a time each week to spend with the children of La Fe - reading together, playing games, and giving hugs.
