

# Missionaries to Honduras

Mike and Ashley Troxell

March 2015

Vol. 6, Num. 3

This past month we had the pleasure of attending a team building seminar with our La Ceiba team. We, as a team, worked through our vision, expectations, roles, goals, and much more. It was a time of learning and growing closer for our team! We are also thankful to Andrew and Laura Kate Lupton, part of GYFM, who loved on and taught the many children of our team, including Dixi!

It has been over 3 years since our first medical clinic in La Fe and these clinics have been a huge part of building relationships by helping to meet some of the physical needs in the community. We have decided to cut back the frequency of our clinics in La Fe so that we can do similar clinics in the communities where we now have church plants throughout the La Ceiba area. We are so excited to see how God is expanding His work throughout the city!

A reformed seminary is opening this week in La Ceiba, Honduras! The first class, a survey of the Old Testament, will begin on Tuesday. The classes are designed especially for local Honduran pastors and some of the leaders of their churches. Mike will be helping to mentor the Hondurans through this material and will be taking the class as well! It's amazing how God has brought our team to this point in the training up of pastors in La Ceiba!
