

Missionaries to Honduras

Mike and Ashley Troxell December 2015 Vol. 6, Num. 12

2015 to 2016 - Can you believe it!?!

2015 has been an amazing year to reflect on all that God has done:

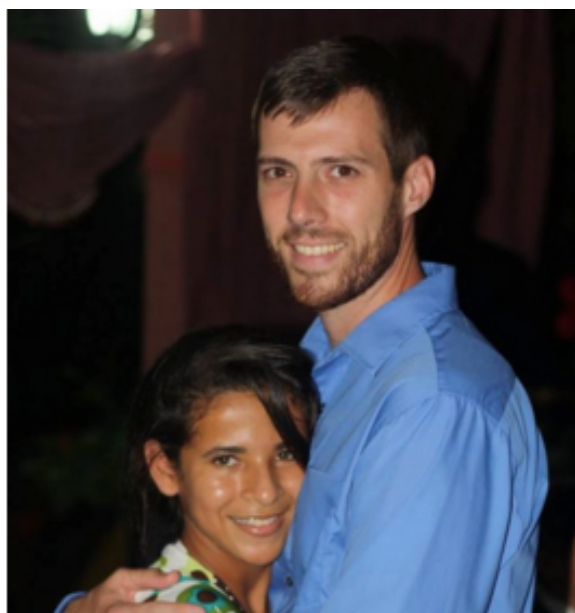

Start of the Bible Institute in La Ceiba.
Mike began taking seminary classes.
Moving into our current house.
Partnerships between US and Honduran church-plants began!
Pastor Donaldo had a successful heart procedure.
Pastor Vicente began ministry in La Trejo.
Scholarship student, Carolina, completed her first year of high school.
Dixi was baptized!

Mini-HMA

We are thrilled to share that we are planning a mini-home mission assignment in which our base will be Pennsylvania! It will look similar to the traditional missionary furlough (conferences, speaking engagements, lots of time with supporters, family and friends...) but narrowed down to one month rather than the typical 6-12 months. Will you be in PA in February or March and would you like to get together? Let us know! We are planning our schedule and would love to see as many folks as possible!

A sneak peek into 2016:

MTW La Ceiba will be hosting the 2nd annual Central America pastor conference!
A church in the USA has partnered with us to have a pastor serve the people of La Fe!!
Our Mini-HMA in February/March in PA
Mike will develop and help implement a long-term plan for discipleship in local churches

Mike and Dixi

You may be asking what Dixi will be doing while we are on our mini-HMA this spring. We have decided to pursue her getting a visa to travel with us! Her school is helping us and we are getting all our ducks in a row but --> **This is a BIG DEAL** as the likelihood of her being granted a visa is very slim BUT God really is the **God of the impossible**, is He not!? Join with us as we pray for God's favor in the whole process!

Prayer Support

- Our hearts to grow closer to our Savior in this time of celebration
- For the Lord to work greatly in La Ceiba in 2016
- For our planning of our mini-HMA in PA
