

Missionaries to Honduras

In Eden with visitors from Florida

This past month, Peter and Jerry came to visit from a church in Wellington, FL that has been supporting the La Ceiba ministry for several years now. They came to get more connected and more acquainted with the day to day ministry, encourage us, and to give us ideas and support regarding how to move forward. It was a pleasure to host them and a joy to show them what the Lord is doing. They returned to the US filled with a desire to explore the possibility of partnering in deep and meaningful ways with pastor Donaldo and the church in La Ceiba.

La Fe with folks from Pennsylvania

Leaving the frigid temperatures of Pennsylvania to enjoy the warmth we cherish in Honduras, three groups joined us in a week of ministry in La Ceiba. The teams hosted daily medical clinics in each of the communities in which we had targeted specific needs. They also provided many hands for the construction of a covered church meeting area in the neighborhood of La Fe where pastor Gregorio and his family have begun serving. We are so thankful that these church teams sacrifice their time, energy and finances to join us in serving the people of La Ceiba as well as our team throughout the year.

We are in Pennsylvania

We are excited to be spending time with our family, friends, and supporters in Pennsylvania this month! We so enjoy sharing the amazing things that God has been doing in Honduras, in La Ceiba, in the churches, in our team, in our family, and in our lives. We have been received with grace and love by supporting churches and are truly cherishing this time in the cold weather (at least it's cold to us).
